## Sandblast Sliced Brick Veneer

Enhances your home with a look of old charm

Crafted from natural clay, the variety and richness of colors make CLAYBRICKS' brick veneers the ideal materials for any home deco (both interior and exterior designs). All you need is imagination, and you can create endless combinations in your own style.

### Distinctive Features:

- **Timeless Beauty** The natural color is uniquely attractive, everlasting and mellows with time
- **Durable** Able to withstand any adverse weather conditions from searing heat to bitter cold, it is one of the most enduring building materials ever known
- **Easy Installation** Brick veneer is easy and simple to install. It is a very cost effective cladding material
- **Maintenance Free** Brick veneer never rots, fades, warps, dents, or tears, never needs to be painted and does not burn. It is maintenance free so you do not have to do anything to keep it looking beautiful
- **Energy Efficiency** It renders excellent thermal insulation and works like a layer of insulating plaster
- **Quiet** Its excellent sound absorbent property brings tranquility and a sense of security to your home
